Dear Mr. Findlay:

As you are aware, the State of Utah, Division of Oil, Gas and Mining is mandated by the Utah Mined Land Reclamation Act to obtain a reclamation bond on those State lands affected by the Martin-Marrietta Cement operation near Leamington, Utah. The State of Utah is willing to proceed with the bonding arrangement concerning this operation on a cooperative basis with Fishlake National Forest. However, the State feels that a cooperative agreement alone is insufficient to bind the operator to the reclamation requirements under State law. To remedy this concern, the State has drafted an Appendix to be attached to the reclamation bond between Martin-Marrietta and the Forest Service. This Appendix conditions release of the bond upon the operator's compliance with both State and Federal laws concerning mined land reclamation.

Please contact the Division if you have further questions.

Sincerely,

DENISE A. DRAGOO
SPECIAL ASSISTANT ATTORNEY GENERAL
FOR NATURAL RESOURCE AGENCIES
